

SAM DUNGATE

Currently Sam Dungate holds the position of Resident DJ at O Beach Ibiza, a renowned beach club, where he has been a fixture for the past 10 years. Hailing from Essex, UK, Sam has entrenched himself in the global house and electro music scene, gracing clubs and bars around the world.

Over the last 24 years, Sam has secured a consistent four-year residency in both Tenerife and Ayia Napa - Cyprus. For the past 16 years, he has called Ibiza home, showcasing his musical prowess at O Beach.

Throughout his impressive career, Sam has shared stages with some of the industry's titans, performing in iconic venues such as Space Ibiza, Eden, Bagleys, Sankey's, Pacha, Ministry Of Sound, Warehouse, Gatecrasher, Tramps Tenerife, and Ayia Napa's Club Ice.

His repertoire extends beyond club gigs, having played for esteemed clubbing brands like Hed Kandi, Soul Heaven, Kisstory and ON111 in addition to entertaining at private VIP parties in the UK and Ibiza.

As a promoter, Sam has curated regular summer parties under his own brand names, showcasing diverse music styles in well-known venues across Ibiza.

Sam's musical journey spans various genres, including House, Tech-House and its sub-genres, UK Garage, Drum & Bass, RNB and Hip Hop.

Whether setting the stage for a headlining DJ, headlining himself, or concluding the night with the closing set, Sam adapts his performance to the time and vibe of the event delivering chilled poolside vibes or peak-time House.

Distinguishing himself from the DJ crowd, Sam infuses a unique energy into his sets, a trademark that has resonated with thousands of listeners over three decades. His diverse ability and extensive musical knowledge equip him to cater to any audience.

On the production front, Sam boasts a series of successful club tracks, achieving top-ten rankings across various online stores, including a Number 1. These tracks have been released on esteemed labels such as Simma Black, Whore House, Zulu Records, Wharton Records, Ulybug, Subterraneo and Vudu, among others.
